

Throws Safety Protocol Card

- I acknowledge that the field event in which I will be working is dangerous.
- I agree never to take my eyes from the throwing area while an athlete has an implement in hand and the throwing area is not closed.
- If I am involved in retrieving or returning any implement to the throwing area, I agree to always keep my eyes on the throwing area as I approach and retreat from it.
- I acknowledge that I am physically able to move sufficiently to avoid any implement thrown from the throwing area toward the sector or the area adjacent to it.
